STRAIX

Since the founding in 2010 Straix has specialised on referring national and international DJs as well as organising club events. In all activities „DJing“ as a craft are paramount. Every one of the 15 crewmembers represents the company philosophy a hundred percent. The technical abilities paired with an unbelievable amount of creativity are characteristic for this DJ crew. Together the 15 artists can look back on over two centuries club experience. Apart from the experience their internal trophy collection is something they can all be proud of. With six world championship titles (3x Red Bull Music 3style / 2x ITF / 1x DMC), two vice championship titles (Red Bull Music 3style) and several national awards Straix reinforces the ambition to be the largest and best DJ crew in Switzerland in Hip Hop and Open Format.
