ABOUT

DJ OK is a playful creative head, who spares no effort and is known for trying new things, experimenting and therefore surprise. Completely free of musical blinders, he moves from clubs to festivals and on to corporate events and amazes his audience with his unique way. Limits are not part of his vocabulary, whether in his creativity nor his music choices – only quality counts. As a long-time member of the legendary swiss rap-crew TAFS, producing beats is part of his core competencies – clearly a devil of a fellow, this OK!
