DJ NUTS CUTS

ABOUT

Nuts Cuts is no longer just a DJ name – It's a brand!

Driven by music, fashion and lifestyle, the pleasant personality has made a name for himself in the Swiss club scene. Hardly any trend remains hidden from the Churer and before others even recognize it, he's already packed it into his performance. A real hotspot for turn-up enthusiasts is his own event series "Purple District". Even a hairspray can turn into a flamethrower. It's not only the never ending pioneering spirit of DJ Nuts Cuts, but also his flair for the audience. When he's not DJing at festivals or in clubs, he tours from time to time, with various Swiss rap artists as a concert DJ through the country. It's a known fact that wherever he goes NICE is capitalized.
